PassageHealth

Why Customers Choose Passage

*"Picking up Passage was like picking up the iPhone for the first time. The user experience is amazing. **We are saving time, saving money and working more efficiently**."*

*"It seemed daunting and expensive looking for new software. With Passage it was such an easy transition and delivered us big time savings right away. **We used to take 4-5 hours a day to generate reports and now we do it in seconds on Passage**"*

*"I've used many different types of software and Passage is by far our favorite. We love the ability to toggle between skills, behavior and notes on the app, the auto-graphing super helpful and saving us so much time. **The scheduling features provide more flexibility than we have ever seen across a scheduling tool**"*

Features
